ABSTRACT

The results of a teacher observation survey conducted in Chicago Public Schools on October 31, 1984, are provided in this report. Consisting entirely of student enrollment figures, broken down by race and ethnicity, the report is divided into two major parts: Part One provides summary data (which include a table comparing the 1984 survey with the 1983 survey, a table summarizing the 1984 survey's findings by level and type of school, and a summary of 1984 findings by district). The second part contains school-by-school enrollments, arranged by district. Each table here provides data on these population groups: White non-Hispanic, Black non-Hispanic, American Indian, American Indian/Alaskan Native, Asian or Pacific Islander, Mexican, Puerto Rican, Cuban, other Hispanic, and total Hispanic. PREFACE

The data compiled in this report are the results of a teacher-observation survey taken on October 31, 1984.

These data are used to meet the reporting requirements of various federal and state agencies, to provide for the planning and implementation of integration initiatives, and to assist in facilities management and planning.

The report is divided into two major parts:
